Bardya was so helpful and friendly. He also communicated with prior to the installation and the day of the installation numerous times. When the job was complete he came through and examined the installation himself carefully. Great job and great service!

The buffing made the floors look new. Integrity's suggestion to buff and re-coat saved me thousands of dollars. This is the second project with them. Highly recommend them. Service, quality and price is outstanding.

I've used Integrity C&F for over 10 years, multiple times on 3 different rental properties. They've always given me a fair and affordable price, and recommended products that were in my best interest, not just the ones that they have the biggest margins on like other companies do. I will continue to be a customer for years to come.
