Bardiya was such a pleasure to work with! We needed help asap on getting LVP floors down, and he had such a quick turnaround time! We were so thrilled with the process, we used him again to do all the floors in our newly renovated basement! Thank you Integrity Carpet and Floors for doing such a wonderful job on our house!

I had some water damage due to a leaking AC unit and had to rip up some old floors. Bardiya was able to come out the same day and get the floors ripped up and lay down some fans to help dry out the water. I decided to have all the floors replace and went to his warehouse where he walked me through all the different options and we found one that I really liked. He was very responsive and had very fair prices. I would definitely use him again and recommend him to others.

My project wasn't easy. Refinishing Brazilian cherry flooring and going lighter was a challenge but this company and its team made it happen. Great service coupled with reasonable pricing was highly valued. Would recommend!

Integrity Carpet & Flooring did an excellent job installing waterproof laminate and carpet in our basement. They also installed LVP in our sunroom. Excellent workmanship all around. Bardiya is very patient during the selection process and has a great method to help you eliminate what seems like endless options. Best part, he brings your favorites to your house so you can see them in the space. If you're wavering between two, he prices both and gives you the pluses and minuses of each product. Working with Bardiya is like working with a subject matter expert on flooring. He knows all the products and manufacturers, and how to get the best product for your money. It's a highly personalized experience that comes with an authenticity you can feel from the beginning.

Integrity Carpet and Flooring was great to work with getting new carpet installed on my upper level. Bardiya brought some samples to the house and we made a selection, then a few days later it was installed! The crew worked efficiently and professionally. They are coming back soon to install hardwood floors on the main level. Can't wait!

I recently had my floors redone. This was a major project and I conducted significant research to find the best company for the job offering excellent service..I can tell you that Integrity Carpet and Flooring is the very best out there to get the job done. This is a well-run small business providing boutique care, and it shows.

I worked with company owner Bardiya. He is professional, prompt, patient, courteous, friendly, as well as being very knowledgeable and passionate about his work. I had many questions for him during the consultation and contracting phases of the job. He patiently answered them all, while providing solid professional and guidance when needed. He made multiple visits to my place with samples to help me pick the right materiel (and I am very happy about it now that I am walking on my new and beautiful and elegant floors). Bardiya prioritized my project and at no time did I regret picking Integrity. There were a few glitches -that happens during renovation projects- but Bardiya was there to address them promptly and efficiently. If you want to replace your floor, and if you are looking for a smooth experience with value and great outcome, I would recommend Integrity! Look nowhere else!!

The team patiently painted several stain options for me to select from to match my entry flooring (which they had previously refinished for me. My finished living room/dining room floor is drop dead gorgeous. They also went above and beyond to wait for me during a prolonged vet visit to move my furniture back to ensure I was pleased with the result. I look forward to working with them again next year to refinish my family room hardwood floor.

From start to finish, it has been a joy to work with Bardiya. Our ugly kitchen floor needed to be replaced. Bardiya to the rescue! He communicated promptly, made the daunting process of selecting the right vinyl tiles easy, and even fun! His team did an excellent job - professional, careful and masterful. We look forward to working with Bardiya and his team again.

Bardya and crew were awesome to work with. We had a renovation project and needed all new hardwood flooring, new banisters and refurbishing old stairs. They did an amazing job matching the stairs/banisters to the new floor and the whole room looks amazing! Their work is excellent, and Bardya goes above and beyond to make sure you are happy with the finished product, I would highly recommend them if you have flooring needs,

We had the hardwood floors of our whole home replaced by Integrity Carpet and Flooring. Our new Cali Bamboo floors look and feel terrific, we love them. Every interaction was friendly and professional and the job as done quickly, and professionally. We were so satisfied with the hardwood floors that we had Integrity also come back and tile our entryway and laundry room. We would not hesitate to recommend them to anyone and look forward to working with them on other projects in the future.

Fantastic Company. Quality service, great price. Honest and dedicated owner. I had carpet installed many times before and it took forever to find the right color that would go with everything I have in my house and accommodate 3 kids and 2 pets. Bardiya nailed it on the first try and we couldn't be happier. It looks gorgeous. I was a problematic client because I needed the job done in 2 parts since I cannot leave my home during installation. He made that possible for me in such a gracious way. Communication was excellent and installation dates very flexible. The guys who installed the carpet were very fast and very nice, polite and reserved. My subfloor needed repair and they took care of that although it was not in their job description to do so. My youngest child plays on the stairs a lot and I mentioned it to one of the guys who made sure he took a hammer to those nails that hold the carpet in place so that my baby doesn't get pricked. Bardiya and his family are also incredible people who help their community and people in need. When we first met I was going through a dark time and him and his wife were priceless emotional and spiritual support. I could write a book about this family and their business. You will be blessed just by knowing them and your home will look amazing.

This shop came through and saved my life. The original contractor didnt order enough flooring so by the time we closed on the house, got around to doing all the floors, etc etc.. the wholesaler went out of business and I couldnt find the same flooring. I called multiple places around my area but Bardiya from Integrity was quick to respond, called warehouses to help me out, found my exact floor and even saved me on costs since all i needed was ONE box. It sounds stupid but he made all the difference. One less thing to stress about during major renovations. He made it happen and didnt charge an arm and a leg. He did me a favor. Pay it forward.

We had the good fortune of finding Integrity Carpet and Flooring for our recent flooring installation and I wholeheartedly recommend them. They offer a huge variety of options, including hardwood, engineered hardwood, LVP, and carpet, and are extremely knowledgeable about all the different options. They understood our priorities and took the time to walk us through the pros and cons of each type of flooring to help us narrow the options. Then they brought those samples to our home so we could make our final selections, and provided a free measurement and estimate for the options we chose. Bardiya, Matt, and the installation team were great to work with, they got the job done quickly and the results are beautiful! Plus, since Bardiya also has chickens on his farm, his clients are gifted eggs at every turn :) It was a truly fabulous experience and I would definitely use them again.

Integrity did a fantastic job patching and tightening up some over-cut vents. We also had them fill a hole that was created from relocating a floor vent. The crew was on time, super kind, efficient and easy to communicate and work with! I was also very impressed with how well they kept the work environment clean while doing the job. They kept dust to a minimum and thoroughly cleaned up from all the cuts made outside! Highly recommend Integrity for all your flooring needs!!

At Integrity Carpet & flooring, They really stand behind their name. They have a lot of integrity for their product and customer relationship. Bardiya was extremely knowledgeable on all the products and brought samples based on our application. He was very transparent in the costing, timing and installation process. We had our carpet installed with their team. They were prompt on timing and worked quickly and efficiently. Most importantly there was a field manager who was on the job and made sure we were happy with the final product. Customer relationship and communication is a definite positive Integrity will offer over other flooring companies in the area. We would highly recommend the team to any of our neighbors.

We are super-pleased with Integrity Carpet and Flooring. We walked through the house and they noted each and every request. My wife was very particular and they noted all our concerns. They ripped up all our floor tile from the entry way into the main living area and the kitchen. We already had some wood flooring in our front room and they matched it perfectly. They sanded all the old floors and stained them to match the new floors. They also did the bannister railing to the 2nd floor and put in matching wood floor on our second floor. When we came home after the job we were amazed at the quality. A perfect job and done before the date promised! We are so pleased. We would give them ten stars if we could. In NOVA, we are often disappointed with work we have done on our home but this job was so exceptional that I am taking the time to write a review for others who want a high quality job done per spec, on budget and on time. Highly recommended!

We had a fridge issue that leaked water under the hallway floor, making it buckle. Bardiya brought some samples when he came to inspect the floors. We found one that matched our existing floors best and put in the order.

We were kept informed of order status and receipt, but ended up having to delay installment per request of our renters for health reasons. Bardiya was kind enough to hold our flooring at his warehouse and reschedule for a couple weeks later.

When the flooring crew arrived to install the flooring, they learned the flooring material didn't match — we ordered real hardwood but the existing floor was actually a custom thicker engineered wood. This was an issue they couldn't have known until they pulled the floor up (we couldn't do that initially). Bardiya was quick to make some calls and found matching flooring, picked it up, had it installed, sanded, AND stained in the same estimated time window!!

We were ecstatic because our tenants were gone for the day so we could take care of this. We really appreciated Bardiya and his team's effort in making it as smooth of a process as possible. They were very professional, repaired the floor very well, and left a clean area after they left. We hired them again two weeks later to do our townhouse, but that will be a separate review :)

I was referred to Bardya and Integrity Carpet & Flooring through a friend after water had damaged our existing basement floor. Bardya coordinated with me over the weekend and informed me on what materials he'd suggest for a basement. That following week, he met with me at my place, confirmed his initial suggested and we selected materials. I was kept informed through the entire process and once materials arrived, everything was installed within the day. Bardya was great to work with and takes pride in his work. I am completely satisfied with the output and would easily go with Integrity Carpet and Flooring again.

We are so pleased with the flooring job! We had high expectations but Integrity Carpet and Flooring (ICF) exceeded those by focusing on the high level of customer service, attention to detail and the overall job. We had both tiles and wooden flooring on the first floor of our large home. ICF removed all the tiles, sanded down the old floors, and then put the new flooring in so that we now have all wood floors throughout. They then stained all the floors, the banisters leading upstairs, and the upstairs floors. It matches perfectly and we still pinch ourselves with how nice it all looks. In spite of a very challenging job, they did it with skill and expertise and we couldn't be happier. Highly recommended!

Highly recommend. Excellent work, clear communication, honest, and a pleasure to work with. They helped with water remediation and installing new carpet in the basement.

We were interested in replacing carpeting on our stairs with cherry hardwood that matched other flooring. We were not pleased with the estimates we were getting from other contractors who worked off of pictures. We found Integrity using a simple google search and were impressed by other reviews. Bardiya came and gave us a much more acceptable estimate; not inexpensive but reasonable. He was very good at communicating and kept us up to date about the work. Workers showed up on time, were efficient, friendly and took great pains to protect our property and belongings. The outcome is exactly what we envisioned. It was great working with Bardiya and Integrity Flooring and we highly recommend them.

The buffing made the floors look new. Integrity's suggestion to buff and re-coat saved me thousands of dollars. This is the second project with them. Highly recommend them. Service, quality and price is outstanding.

Bardiya was one of the kindest people I have met or done business with. We had water damage in our basement and needed to replace the flooring. He made a stressful time seem easy and we are in love with our new floors!

We had a great experience using Integrity Carpet and Flooring. I was really impressed that Bardiya was very knowledgeable about the carpet selection and leveling suggestions. After our initial meeting, he was quick to follow up and set up a time that was preferable for us.

The men who laid the carpet were considerate of our little ones in the house and wore masks until the glue portion of which would be very difficult for them to work. Carpeting glue does smell bad but had a new apartment smell afterwards— I would highly recommend having a fan and windows open for airing out the place during the process. We had also requested a transition piece which turned out beautifully.

Integrity Carpet and Flooring completed the job quickly and punctually or original time frame was 1-4PM of which they arrived at 1:00PM sharp.

Thank you for doing such a great job and helping us pick the perfect floor color that matched our natural kitchen/living room look. My little girl was so excited afterwards and loves playing on her new carpet.

I've used Integrity C&F for over 10 years, multiple times on 3 different rental properties. They've always given me a fair and affordable price, and recommended products that were in my best interest, not just the ones that they have the biggest margins on like other companies do. I will continue to be a customer for years to come.

The owner is super easy to work with and an honest man! His workmanship and service are top notch. He installed LVP for my unit and the end product was stunning. I get compliments every time I have guests over. Also, price is very competitive.

I highly recommend Integrity Carpet and Flooring for replacing or installing new floors !!!
